Rosenberg and Ralph Youngren, such grant of easement being a preservation easement which limits the improvements to be made upon the grantors' property at No. 55 E. Scott Street and Nos. 1221 and 1223 N. Astor Street to those consistent with the Astor Street Landmark District. Said easement is substantially in the following form:

DEED OF EASEMENT

This deed of easement, made this ..... day of ....., 1977, by Marvin D. Rosenberg and Adele Rosenberg, his wife, and Ralph Youngren, and Ann Youngren, his wife, grantors.

WITNESSETH

WHEREAS, The City Council of the City of Chicago has enacted an ordinance providing for the preservation, protection, enhancement and perpetuation of the districts and buildings which constitute historical or architectural landmarks; and

WHEREAS, The City Council of the City of Chicago has pursuant to said ordinance designated the area known as Astor Street as a protected landmark district; and

WHEREAS, The property owned by the grantors and which is the subject of this easement is lolated within said Astor Street district; and

WHEREAS, The grantors and the grantee seek to preserve the historical, aesthetic, cultural and visual character of the district and the contribution the subject property makes to the district; and

WHEREAS, The grantors desire to use the subject property consistent with the landmark status of the district, and in doing so, grantors agree to surrender their right to develop the land to the fullest extent otherwise possible under the existing law and ordinances; and

WHEREAS, The gift and grant of the easement as described herein will limit such development and will act to preserve and enhance the future usage of the subject property in a manner consistent with the landmark status of the Astor Street district; and

WHEREAS, The gift and grant of said easement will limit the grantors' estate in the subject property and will prevent such future development on the part of the grantors as would otherwise maximize the grantors' economic utilization of the property; and

WHEREAS, The grantors by this gift and grant seek to limit their estate in said property in such a way that future development will be consistent with and appropriate to the uses and visual character of the Astor Street district; now, therefore,

The grantors, for good consideration, receipt of which is hereby acknowledged and in consideration of the premises herein recited, grant, gift and devise to the City of Chicago, a municipal corporation, organized and existing under the laws of the State of Illinois, grantee, its successors and assigns, an easement in all of that certain parcel of land legally described as follows:

The terms of the easement are as follows:

3. The easement and rights hereby created shall be perpetual in duration. Said easement is in gross, is assignable and runs with the land as an incorporial property interest in the land, enforceable by the grantee with respect to the property and against the grantors and all of grantors' heirs, successors and assigns. Said grant shall also be appurtenant to and shall benefit the publicly owned streets, alleys and other public rights of way adjacent to the subject property.

4. The grantors agree that the terms, conditions, restrictions and purposes of this easement shall be inserted by them in any subsequent deed, or other legal instrument, by which they divest themselves of either the fee simple title to or their possessory interest in the subject property. All provisions of this easement shall be enforceable without the necessity of the grantee's showing any financial or pecuniary harm to itself or to the public.

6. Any failure by the grantee to enforce any provision of this easement shall not be deemed a waiver of that provision or of any other provision of the easement.

In witness whereof, Marvin D. Rosenberg and Adele Rosenberg, his wife, and Ralph Youngren and Ann Youngren, his wife, grantors, have executed these presents upon the day and year stated above.

[Signature forms and Exhibit "A" omitted for printing purposes]

SECTION 1. Permission and authority hereby are given and granted to Nuarc Company, a corporation, upon the terms and subject to the conditions of this ordinance, to maintain and use as now constructed a loading platform periodically hoisted by a hydraulic lift which is mounted on the masonry wall of the building, eight (8) feet in width and ten (10) feet in length on the east side of the north-south public alley seventy-five (75) feet nine (9) inches north of the north line of W. Said loading platform shall be maintained and used in accordance with the ordinances of the City of Chicago and the directions of the Commissioner of Streets and Sanitation and the Commissioner of Buildings. The grantee shall keep said loading platform and that portion of the public way adjacent thereto in good condition and repair, safe for public travel and free from snow, ice and debris, to the satisfaction of the Commissioner of Streets and Sanitation.

The grantee agrees to furnish the City of Chicago a surety bond in the sum of $10,000.00, said bond to be used to defray cost of removal of said loading platform at any time the City of Chicago determines the need for the removal or to be used for any liability suits or judgments, costs and damages or by lapse of time or expiration of the authority herein granted.

SECTION 2. The grantee agrees to pay to the City of Chicago as compensation for the privilege herein granted the sum of One Hundred dollars ($100.00) per annum, in advance, the first payment to be made as of the date of passage of this ordinance, and each succeeding payment on the same day and month annually thereafter. In case of the termination of the privilege herein granted or the grantee transfers title or vacates the premises, the grantee shall, nevertheless, remain liable to the City of Chicago for the annual compensation which shall have become due and payable under the provisions hereof before the structures and appliances herein authorized are removed and the public way is restored as herein required. Further, renewal authority for the continued maintenance and use of the public ways herein described shall be applied for prior to the date of expiration of this ordinance.

SECTION 3. This ordinance is subject to amendment, modification or repeal, and permission and authority herein granted may be revoked by the Mayor and the City Comptroller in their discretion, at any time without the consent of said grantee. Upon termination of the privilege herein granted, by lapse of time or otherwise, the grantee, without cost or expense to the City of Chicago, shall remove the structures and appliances herein authorized and restore the public way where disturbed by said structures or appliances or by the removal thereof, to a proper condition under the supervision and to the satisfaction of the Commissioner of Streets and Sanitation and in accordance to the City Municipal Code. In the event of the failure, neglect or refusal of said grantee so to do, the City of Chicago will have the choice of either performing said work and charging the cost thereof to said grantee or determining what the cost of said work shall be and billing the grantee for said cost.

For the City of Chicago to recover from the Bonding Company and grantee under this Section, it is not necessary that the City of Chicago first make said removal, relocation, alteration, repair, maintenance or restoration. The Commissioner of Streets and Sanitation is hereby authorized to determine what cost would be involved to perform said removal, relocation, alteration, repair, maintenance or restoration and his decision as to the amount shall be final and binding. The grantee and the Bonding Company, upon receiving written notification from the Commissioner of Streets and Sanitation of the cost of said removal and restoration shall pay immediately said amount upon demand. It shall be the responsibility of Nuarc Company to furnish the City of Chicago, prior to issuance of permit for this privilege, a copy of proof of insurance (Certificate of Insurance) naming the City of Chicago as "Additionally Insured", with amounts to coincide with whatever amounts are presently in policy for building. Certificates renewing insurance must be furnished to the Department of Finance, Real Estate Division, no later than 30 days prior to expiration of policy.

SECTION 5. The permission and authority herein granted shall not be exercised until a permit authorizing same shall have been issued by the City Comptroller and upon the faithful observance and performance of all and singular the conditions and provisions of this ordinance, and conditioned further to indemnify, keep and save harmless the City of Chicago against all liabilities, judgments, costs, damages and expenses which may in any way come against said city in consequence of the permission given by this ordinance, or which may accrue against, be charged to or recovered from said city from or by reason or on account of any act or thing done or omitted or neglected to be done by the grantee in and about the construction, reconstruction, maintenance, use and removal of said structures or appliances and the restoration of the public way as herein required. Inaugural Address of Honorable Michael A. Bilandic, Mayor.

Honorable Michael A. Bilandic, delivered the following address, which was on motion of Alderman Frost, ordered published in the Journal of the Proceedings:

"This is a solemn and historic moment in the life of our City. It is fitting that this inauguration is being held in the Richard J. Daley Plaza. In many ways this open space in the heart of the central city symbolizes much of what Mayor Daley sought to preserve and achieve for his beloved Chicago.

This soaring architectural structure—this court house representing a dignity and respect for law—the flags and the eternal memorial flame—the simple fountain—the Picasso, a great work of art, with its description in braille—and the beautiful trees—reflect the vision we all share.

It is the sight of people using the Plaza that means the most to us. This is the scene of groups presenting samples of their ethnic culture—military reviews for visiting heads of foreign countries—young people exhibiting their talent to the people in the square—and many similar events.

This Plaza is the product of leadership and foresight—it was the inspiration for the development of more open spaces—of great sculptures with trees and fountains throughout the central area where hundreds of thousands of Chicagoans work and shop. The plazas are attractive. They are Chicago's showplaces of art and entertainment—free for public use and enjoyment.

We just completed a period in our history when the Nation was beset by the consequences of war, recession, unemployment and inflation. The last decade was one of extreme ferment caused by an almost revolutionary shift in basic values.

Cities were particularly vulnerable to the onslaught of national problems and Chicago was no exception. Cities were faced with deficit budgets.

Many cities were forced to cut essential services, forced to increase local taxes, and compelled to cut back on capital improvements.

There was a loss of confidence in the future of cities—a pessimism and a sense of futility.

But not in Chicago—the difference was in the quality of political, business, labor, religious and governmental leadership and the indomitable "I Will" spirit of our citizens.

The challenge and responsibility that I accept as Mayor of Chicago is to move forward to a greater city.

We have become a nation of cities. Over 75 percent of our population lives in cities.

The health of the national economy and the health of the nation's cities are interrelated. Secretary of Commerce Krebs acknowledged this fact last week when she told the United States Conference of Mayors: "As the cities go, so goes the nation".

Since the vitality of our national economy is directly affected by the vitality of our cities, it is imperative that we continue our policy of cooperation between the national, state and local governments. In Illinois, we have demonstrated that cooperative efforts by our state and city officials, working with the Carter administration and with our bi-partisan leadership in the Congress, can be beneficial to the economy of our nation, state and city.

I agree with Secretary of Housing and Urban Development Patricia Harris that "The day of national urban policy being conceived in Washington, directed from Washington, and controlled by Washington is over . . . We are committed to building a partnership with you."

President Carter has stated on many occasions that his administration is committed to an intergovernmental partnership between the cities, states and federal government in which the resources and authorities of each are utilized.

On behalf of this administration, I want to respond by saying that we are committed to building a partnership with the national and state government which will best serve the public interest.

Although the problems of our cities are difficult, we can face the future with the confidence that there are many factors that favor long-term viability of central cities, such as:

—increased energy costs are making relatively high-density, resource-conserving city living more efficient and less costly;

—the cities already possess facilities and services which would be extraordinarily expensive and wasteful to duplicate outside the city;

—much high-skilled service employment is being retained in the older urban centers; and

—the amenities of urban life are becoming more appealing.

We have learned much from the experiences of the past to add to our resources for the making of the future. As Mayor—I look to the coming years as years of opportunity for leadership.

Leadership—to launch programs that will maintain and create employment. We will take full advantage of every program to put people to work as quickly as possible. We will do everything in our power to cut red tape and bureaucratic delays.

Leadership—to continue to expand city services and increase productivity.

Leadership—to expand programs which give aid and opportunity to our senior citizens, to provide more health care and medical services to the young and old, to continue unabated those programs that direct themselves to the personal needs of our citizens.

Leadership—to improve our environment.

Leadership—to continue to enforce and improve standards that protect the consumer.

Leadership—to initiate projects, programs and developments in every neighborhood and business district of the City which will improve communities and stimulate the economy.

Leadership—to convert plans into reality, to utilize local, state and federal funds to improve the neighborhoods of our City—to provide better transportation, to rehabilitate and conserve housing, to create parks and malls as well as to extend water and sewer facilities.

Leadership—to move ahead to complete existing and pending projects and to launch new public works essential to the progress of the City and its neighborhoods.

Leadership—to retain the confidence of investors in the City by upholding its sound fiscal and financial position.

Our goal must be to provide a community of people who respect one another and are willing to work together for the common good.

I am committed to working closely with business, labor, and other groups in the interest of all Chicago residents. It is this working together that has done so much to make Chicago a viable city.

Our purpose is to maintain Chicago as the city of good neighborhoods—for all people—regardless of heritage, culture or any other distinction. We are all Chicagoans and as Mayor I am the servant of all the people.

At this solemn moment, I seek the cooperation of the City Council in the months and years ahead. I will work with you in the same cooperative spirit in which I did as one of your members.

I ask for the help of our greatest resource, the people of our City. For my part, I shall rededicate myself to the task for which you have selected me. I feel this honor very deeply and I shall devote every waking moment to deserve your trust.

We face immense problems in the days ahead, but we in this City are blessed with hard working men and women of talent and ability and above all with the "I Will" spirit that has kept Chicago in the forefront of the Nation.

It is with that assurance that I am optimistic about the future and with your prayers and help, I pledge myself to do all in my power to improve the quality of life in the City we all love."

"God of Our Fathers" Rendered by All City Chorus and Band.

The final selection by the All City Chorus and Band was the rendition of "God of Our Fathers" which was warmly received by the assembled Council and guests.

Benediction Invoked by Rabbi Milton Kanter.

Honorable Michael A. Bilandic, Mayor, presented Rabbi Milton Kanter, President, Chicago Board of Rabbis who invoked a benediction upon the Mayor and Aldermen.

Adjournment.

Alderman Marzullo then moved that the City Council do *Adjourn.* The motion *Prevailed* and the City Council *Stood Adjourned.*

WHEREAS, The question of the establishment of the area hereinafter described as a Special Service Area is considered by the City Council pursuant to an ordinance adopted June 9, 1977 and is considered pursuant to a hearing held on July 6, 1977 by the City Council pursuant to Notice duly published in the Chicago Daily News, a newspaper published in the City of Chicago, at least 15 days prior to the hearing and pursuant to Notice by mail addressed to the person or persons in whose name the general taxes for the last preceding year were paid on each lot, block tract or parcel of land lying within the Special Service Area. Said Notice was given by depositing said Notice in the United States mails not less than ten days prior to the time set for the public hearing. In the event taxes for the last preceding year were not paid, the said Notice was sent to the person last listed on the tax rolls prior to that year as the owner of said property. A Certificate of Publication of said Notice and Ordinance is attached hereto as Exhibits 1 and 2. Said Notices conformed in all respects to the requirements of Section 5 of Public Act 78-901; and

All interested persons were given an opportunity to be heard on the question of the creation of the mall and on the question of an annual tax for maintenance of the mall to cover special services and on the issuance of bonds, as set forth in the Notice. No petition was filed requesting that the project not proceed; and

The City of Chicago shall contribute to the District all amounts budgeted for the calendar year

which are not funded by the tax levy and miscellaneous income. Police and fire protection ordinarily provided by the City shall not be considered a special service supportable by the annual tax for special maintenance services.

The Chicago Transit Authority shall maintain all facilities in the Special Service Area below ground that are linked to the Chicago Transit Authority's State Street subway operations. The Chicago Transit Authority shall also maintain or cause to be maintained in a manner acceptable to the State Street Mall Commission, bus shelters, subway shelters and Chicago Transit Authority information kiosks which are above ground.

Provision to meet the requirements of this section shall be included in the annual appropriation bill of the City of Chicago for each of the years aforesaid, and the City of Chicago hereby obligates itself annually in due time and manner to perform all things and take all action required by law to carry out the provisions of this section.

In the event proceeds of taxes hereby levied are not available in time to meet any payments of principal of and interest upon said bonds, then the fiscal officers of said City are hereby directed to make such payments from any current funds of the City that are available for that purpose in advancement of the collection of said taxes herein levied and when the proceeds of such taxes herein levied are received, such funds shall be reimbursed, all to the end that the credit of the City may be preserved by the prompt payment of the principal of and interest on the bonds herein authorized as the same become due.

SECTION 6. That forthwith as soon as this ordinance becomes effective, a copy hereof certified by the Clerk of said City, which certificate shall recite that this ordinance has been passed by the City Council of said City, approved by the Mayor, and published as provided by the ordinance of the City adopted on April 5, 1972, shall be filed with the respective County Clerks of Cook and DuPage Counties, Illinois, and said respective County Clerks shall in and for each of the years 1977 to 1990 inclusive, ascertain the rate percent required to produce the aggregate tax hereinbefore provided to be levied in each of said years, respectively, and extend the same for collection on the tax books in connection with, but in addition to and in excess of all other taxes levied in each of said years, respectively, in and by said City, and in each of said years such annual tax herein levied shall be collected by said City in like manner as taxes for all other purposes for each of said years are levied and collected, and when collected such taxes shall be used solely for the purpose of paying principal and interest upon the bonds herein authorized when same mature.

Provided, however, that the taxes herein levied shall be subject to such abatement as provided in Section 7 hereof as may result from the sale of the bonds herein authorized at a lower interest rate that the rate herein authorized.

SECTION 7. That forthwith after this ordinance has become effective as provided by law, the bonds herein authorized shall be sold by the City Comptroller, with the concurrence of the Chairman of the Finance Committee of the City Council, at a price of not less than par and accrued interest to date of delivery, either pursuant to advertised notice and the receipt of sealed bids and on the basis of the lowest interest cost to the City, or the City Comptroller is authorized to negotiate for a sale of such bonds at a price of not less than par and accrued interest to date of delivery and on such terms as he may deem to be for the best interests of the City. Subsequent to such sale, the Comptroller shall file in the office of the City Clerk a notification of sale directed to the City Council and indicating the name of the purchaser or purchasers of such bonds, the terms of such sale and the interest rates for such bonds, and thereafter the bonds shall be duly prepared bearing such interest rates as provided in the contract of sale and in the form and manner as herein provided, shall be duly executed and shall be delivered to the City Treasurer for delivery to the purchaser or purchasers in accordance with the terms of sale.

In the event that such bonds are sold bearing an interest rate less than the maximum rate herein authorized, then the Comptroller shall include in the notification of sale above referred to, information to indicate the amount of savings in interest cost to the City resulting from such sale at a lower rate of interest, and, in addition, said Comptroller

shall file in the offices of the County Clerks of Cook and DuPage Counties a certificate of tax abatement, such certificate to refer to the amount of taxes herein levied for each of the years 1977 to 1990 inclusive, for the payment of the principal of and interest on the bonds herein authorized to their maturity, indicating the amount of reduction in the interest cost to the City resulting from the sale of said bonds herein authorized at the lesser rate of interest than the maximum rate herein authorized and which amount is to be abated from the taxes herein levied for each of the years 1977 to 1990 inclusive, and further indicating the remainder of such taxes herein levied for each of the years 1977 to 1990 inclusive, which is to be extended for collection for each of said years of 1977 to 1990 inclusive, by said respective County Clerks.

Simultaneously, with the delivery of said bonds, the City Treasurer shall withdraw from such sale proceeds an amount which together with accrued interest received, will be sufficient to pay the interest becoming due on such bonds on January 1, 1978, which amount shall be deposited in escrow with the Continental Illinois National Bank and Trust Company of Chicago under the terms of an agreement which will provide that such amount is being deposited to provide sufficient funds for prompt payment of the interest coupons representing interest becoming due on said bonds on January 1, 1978 and which said agreement shall further provide that the amount so deposited therein shall be invested in investments permitted by Chicago statutes and having such maturities that sufficient funds will be available for prompt payment of interest coupons numbered one, which become payable on January 1, 1978 including paying agency fees and fees for acting as such depositary. Paying agency fees and fees for acting as such depositary shall be deducted from the earnings of such investments and the amount remaining of such earnings shall be paid to the City Treasurer for deposit in the Emergency Communication/Dispatch System Account hereinafter provided for in Section 8 hereof. The amount withdrawn from the proceeds of the sale of said bonds for establishment of the escrow agreement herein provided for shall be deposited into said Emergency Communication/Dispatch System Account from the taxes herein levied for the year 1977 to pay the interest requirements of said bonds when such taxes will have been collected.

SECTION 8. That the proceeds received from the sale of the bonds herein authorized, subject to the withdrawal of that amount necessary to make the deposit in escrow as provided in Section 7 hereof, shall be deposited into an Emergency Communication/Dispatch System Account and be used solely and only for the purpose for which the bonds were authorized and the said City Council of said City hereby represents and certifies to the purchaser of the bonds herein authorized and to all subsequent holders thereof that:

(1) The City expects to incur within six months of the delivery of the bonds herein authorized substantial binding obligations with respect to the improvements for which the bonds herein authorized are proposed to be issued, and in an amount not less than 2½% of the estimated total cost of the proposed improvements;

(2) Over 85% of the spendable proceeds of the bonds herein authorized, including earnings thereon, will be expended on or before July 1, 1980 for the purpose of paying the cost of making the necessary improvements as herein provided for, and such date being within three (3) years following the date of issue of the bonds herein authorized;

(3) Work on the purchase of said equipment necessary for the establishment of said system as herein provided for, is expected to proceed with due diligence to completion;

(4) The property to be acquired with the proceeds of said bonds is not expected to be sold or otherwise disposed of under circumstances which result in the recovery of principal of said bonds in an amount which would probably, together with any accumulated other proceeds (including investment proceeds and original proceeds) of said bonds be sufficient to enable the City to retire substantially all of said bonds at a date which is significantly earlier than the last maturity date of the bonds.

(5) All of the principal proceeds of the bonds herein authorized are needed for the purpose of paying the cost of purchasing the necessary equipment for the establishment of said system as herein provided for, including expenses incidental thereto and to the issuance of the bonds herein authorized; and

(6) To the best of the knowledge and belief of the City Council, there are no facts, estimates or circumstances that would materially change the conclusions and representations set forth in this Section.

The City Council of said City further covenants and agrees with the purchaser and holders of the bonds herein authorized that so long as any of said bonds remain outstanding, the said City of Chicago and any of its officers will take no action in the investment of funds which may be to the credit of the Account hereinabove provided for in this section, which action would result in making the interest payable on any of said bonds herein authorized subject to federal income taxes by reason of said bonds being classified as "arbitrage bonds" within the meaning of Section 103(c) of the Internal Revenue Code of 1954, as amended, and any regulations promulgated or proposed thereunder, including Sections 1.103-13 and 1.103-14 of the Income Tax Regulations (26 CFR Part 1), as the same presently exist, or may from time to time hereafter be amended. The said City Council reserves the right to make any investment of such moneys permitted by state law if, when and to the extent that said Section 103(c) or regulations promulgated thereunder shall be repealed or relaxed or shall be held void by final decision of a court of competent jurisdiction, but only if any investment made by virtue of such repeal, relaxation or decision would not, in the opinion of counsel of recognized competence in such matters, result in making the interest on said bonds subject to federal income taxation.

SECTION 9. That the proceeds of the bonds hereby authorized shall be expended only for the purpose of effecting the purchasing of the equipment necessary for the establishment of the Emergency Communication/Dispatch System for the use of the City of Chicago Fire Department, details of such purchasing program being shown on the report describing the same prepared by the Purchasing Agent of the City of Chicago which is presently on file in the office of the City Clerk of the City of Chicago.

SECTION 10. That all ordinances, resolutions and orders, or parts thereof, in conflict with the provisions of this ordinance, be and the same are hereby repealed and this ordinance shall be published by the City Clerk, in pamphlet form, by preparing at least 1,000 copies thereof, which copies are to be made available in his office for public inspection and distribution to members of the public who may wish to avail themselves of a copy of this ordinance, and this ordinance shall be in full force and effect upon its publication as herein and as by law provided.

WHEREAS, It is necessary and for the best interest of the City of Chicago, and in order to promote and protect the public health and welfare of the inhabitants and citizens of the City of Chicago, that the Kennedy Rapid Transit Line be extended from its present terminal at Jefferson Park to O'Hare International Airport, a distance of 7.31 miles, in and for said City in order to provide frequent and reliable service to air passengers, airport employees, and commuters thereby reducing traffic congestion and conserving energy, such extention being described as follows:

Extension of the Kennedy Rapid Transit Line from its present terminal at Jefferson Park to O'Hare International Airport, a distance of 7.31 miles. This two track extension will be constructed in the median of the Kennedy Expressway from the present end of tracks, near W. Foster Avenue, to a point just west of East River Road, where it will continue westward in the median of the Airport Access Road. At a point approximately 500 feet west of the Airport Taxiway Bridge, the line will diverge from the Access Road Median, enter a tunnel, and curve in a southwesterly direction to a single O'Hare Airport station to be located under the present parking garage. Figure No. 1, attached hereto, depicts the general extent and alignment of this extension.

There will also be constructed three intermediate stations for the service and convenience of users of the Transit System such stations to be between Jefferson Park and O'Hare Airport, and located at N. Harlem Avenue, W. Cumberland Avenue, and N. Desplaines River Road.

The Harlem Avenue Station will be immediately west of and adjacent to the N. Harlem Avenue bridge over the expressway. The fare collection facilities will be a bridge/street level with the platform below. Auxiliary facilities at N. Harlem Avenue will consist of a multi-level "Park-n-Ride" facility, a "Kiss-n-Ride" area, and a bus terminal. Figure No. 2, attached hereto, shows the general configuration of the Harlem Station Project.

The Cumberland Avenue Station will not be connected to the Cumberland bridge, but access will be via a pedestrian overpass spanning the expressway and interconnecting the station with a "Park-n-Ride" facility, a "Kiss-n-Ride" area, and a small bus terminal as shown in Figure No. 3, attached hereto.

The Desplaines River Road Station will be above street level. Auxiliary facilities will consist of a "Park-n-Ride" facility, and a "Kiss-n-Ride" area. Immediately west of the station, there will be a storage yard for rapid transit cars, a maintenance shop, a transportation office building with a control tower, and an employee parking lot. These shops and yard facilities can be accommodated in the median of the Access Road because the median becomes very wide in this area. The general plan of the Desplaines River Road complex is shown in Figure No. 4, attached hereto.

All four of the stations will have between-the-tracks island platforms with stairs, escalators, and elevators for the handicapped, to accommodate vertical movement requirements. Additionally, the O'Hare Airport Station will provide moving walkways for easy access to the three air terminal buildings. Figure No. 5, hereto attached, indicates the relation of the Rapid Transit Terminal with other airport facilities; and

WHEREAS, The local share of the cost will be not less than $32,000,000 of which the Department of Transportation of the State of Illinois will provide the sum of $20,000,000 and the remainder thereof, being the sum of $12,000,000 must be provided by the City of Chicago as its part of such local share; and

SECTION 8. (3) Work on the construction of said extensions as herein provided for, is expected to proceed with due diligence to completion;

(4) The construction proposed to be made has not been and is not expected to be sold or otherwise disposed of prior to the last maturity of the bonds herein authorized;

(6) To the best of the knowledge and belief of the City Council, there are no facts, estimates or circumstances that would materially change the conclusions and representations set forth in this Section.

The City Council of said City further covenants and agrees with the purchaser and holders of the bonds herein authorized that so long as any of said bonds remain outstanding, the said City of Chicago and any of its officers will take no action in the investment of funds which may be to the credit of the Account hereinabove provided for in this section, which action would result in making the interest payable on any of said bonds herein authorized subject to federal income taxes by reason of said bonds being classified as "arbitrage bonds" within the meaning of Section 103(c) of the Internal Revenue Code of 1954, as amended, and any regulations promulgated or proposed thereunder, including Sections 1.103-13 and 1.103-14 of the Income Tax Regulations (26 CFR Part 1), as the same presently exist, or may from time to time hereafter be amended. The said City Council reserves the right to make any investment of such moneys permitted by state law if, when and to the extent that said Section 103(c) or regulations promulgated thereunder shall be repealed or relaxed or shall be held void by final decision of a court of competent jurisdiction, but only if any investment made by virtue of such repeal, relaxation or decision would not, in the opinion of counsel of recognized competence in such matters, result in making the interest on said bonds subject to federal income taxation.

SECTION 9. That the proceeds of the bonds hereby authorized shall be expended only for the purpose of effecting the construction of the O'Hare Rapid Transit Extension as herein provided, the details of such improvement program being shown on the report describing the same prepared by the Purchasing Agent of the City of Chicago, and which is presently on file in the office of the City Clerk of the City of Chicago.

SECTION 6. That forthwith as soon as this Ordinance becomes effective, a copy hereof certified by the Clerk of said City, which certificate shall recite that this Ordinance has been passed by the City Council of said City, approved by the Mayor, and published as provided by the ordinance of the City adopted on April 5, 1972, shall be filed with the respective County Clerks of Cook and DuPage Counties, Illinois, and said respective County Clerks shall in and for each of the years 1977 to 1990, inclusive, ascertain the rate percent required to produce the aggregate tax hereinbefore provided to be levied in each of said years, respectively, and extend the same for collection on the tax books in connection with, but in addition to and in excess of all other taxes levied in each of said years, respectively, in and by said City, and in each of said years such annual tax herein levied shall be collected by said City in like manner as taxes for all other purposes for each of said years are levied and collected, and when collected such taxes shall be used solely for the purpose of paying principal and interest upon the bonds herein authorized when same mature.

Provided, however, that the taxes herein levied shall be subject to such abatement as provided in Section 7 hereof as may result from the sale of the bonds herein authorized at a lower interest rate than the rate herein authorized.

SECTION 7. That forthwith after this ordinance has become effective as provided by law, the bonds herein authorized shall be sold by the City Comptroller, with concurrence of the Chairman of the Finance Committee of the City Council, at a price of not less than par and accrued interest to date of delivery, either pursuant to advertised notice and the receipt of sealed bids and on the basis of the lowest interest cost to the City, or the City Comptroller is authorized to negotiate for a sale of such bonds at a price of not less than par and accrued interest to date of delivery and on such terms as he may deem to be for the best interests of the City. Subsequent to such sale, the Comptroller shall file in the office of the City Clerk a notification of sale directed to the City Council and indicating the name of the purchaser or purchasers of such bonds, the terms of such sale and the interest rates for such bonds, and thereafter the bonds shall be duly prepared bearing such interest rates as provided in the contract of sale and in the form and manner as herein provided, shall be duly executed and shall be delivered to the City Treasurer for delivery to the purchaser or purchasers in accordance with the terms of sale.

In the event that such bonds are sold bearing an interest rate less than the maximum rate herein authorized, then the Comptroller shall include in the notification of sale above referred to, information to indicate the amount of savings in interest cost to the City resulting from such sale at a lower rate of interest, and, in addition, said Comptroller shall file in the offices of the County Clerks of Cook and DuPage Counties a certificate of tax abatement, such certificate to refer to the amount of taxes herein levied for each of the years 1977 to 1990, inclusive, for the payment of the principal of and interest on the bonds herein authorized to their maturity, indicating the amount of reduction in the interest cost to the City resulting from the sale of said bonds herein authorized at the lesser rate of interest than the maximum rate herein authorized and which amount is to be abated from the taxes herein levied for each of the years 1977 to 1990, inclusive, and further indicating the remainder of such taxes herein levied for each of the years 1977 to 1990, inclusive, which is to be extended for collection for each of said years of 1977 to 1990, inclusive, by said respective County Clerks.

Simultaneously with the delivery of said bonds, the City Treasurer shall withdraw from such sale proceeds an amount which, together with accrued interest received, will be sufficient to pay the interest becoming due on such bonds on January 1, 1978, which amount shall be deposited in escrow with the Continental Illinois National Bank and Trust Company of Chicago under the terms of an agreement which will provide that such amount is being deposited to provide sufficient funds for prompt payment of the interest coupons representing interest becoming due on said bonds on January 1, 1978, and which said instrument shall further provide that the amount so deposited therein shall be invested in investments permitted by Chicago statutes and having such maturities that sufficient funds will be available for prompt payment of intertest coupons numbered one, which become payable on January 1, 1978, including paying agency fees and fees for acting as such depositary. Paying agency fees and fees for acting as such depositary shall be deducted from the earnings of such investments and the amount remaining of such earnings shall be paid to the City Treasurer for deposit in the Police Department Equipment Purchasing Program Account hereinafter provided for in Section 8 hereof. The

amount withdrawn from the proceeds of the sale of said bonds for establishment of the escrow agreement herein provided for shall be deposited into said Police Department Equipment Purchasing Program Account from the taxes herein levied for the year 1977 to pay the interest requirements of said bonds when such taxes will have been collected.

SECTION 8. That the proceeds received from the sale of the bonds herein authorized, subject to the withdrawal of that amount necessary to make the deposit in escrow as provided in Section 7 hereof, shall be deposited into a Police Department Equipment Purchasing Program Account and be used solely and only for the purpose for which the bonds were authorized and the City Council of said City hereby represents and certifies to the purchaser of the bonds herein authorized and to all subsequent holders thereof that:

(1) The City expects to incur within six months of the delivery of the bonds herein authorized substantial binding obligations with respect to the improvements for which the bonds herein authorized are proposed to be issued, and in an amount not less than 2½% of the estimated total cost of the proposed improvements;

(2) Over 85% of the spendable proceeds of the bonds herein authorized, including earnings thereon, will be expended on or before July 1, 1980, for the purpose of paying the cost of making the necessary improvements as herein provided for, and such date being within three (3) years following the date of issue of the bonds herein authorized;

(3) Work on the purchase of said equipment as herein provided for, is expected to proceed with due diligence to completion;

(4) The property to be acquired with the proceeds of said bonds is not expected to be sold or otherwise disposed of under circumstances which result in the recovery of principal of said bonds in an amount which would probably, together with any accumulated other proceeds (including investment proceeds and original proceeds) of said bonds be sufficient to enable the City to retire substantially all of said bonds at a date which is significantly earlier than the last maturity date of the bonds;

(5) All of the principal proceeds of the bonds herein authorized are needed for the purpose of paying the cost of purchasing the necessary equipment as herein provided for, including expenses incidental thereto and to the issuance of the bonds herein authorized; and

(6) To the best of the knowledge and belief of the City Council, there are no facts, estimates or circumstances that would materially change the conclusions and representations set forth in this section.

The City Council of said City further covenants and agrees with the purchaser and holders of the bonds herein authorized that so long as any of said bonds remain outstanding, the said City of Chicago and any of its officers will take no action in the investment of funds which may be to the credit of the Account hereinabove provided for in this section, which action would result in making the interest payable on any of said bonds herein authorized subject to federal income taxes by reason of said bonds being classified as "arbitrage bonds" within the meaning of Section 103(c) of the Internal Revenue Code of 1954, as amended, and any regulations promulgated or proposed thereunder, including Sections 1.103-13 and 1.103-14 of the Income Tax Regulations (26 CFR Part 1), as the same presently exist, or may from time to time hereafter be amended. The said City Council reserves the right to make any investment of such monies permitted by State law if, when and to the extent that said Section 103(c) or regulations promulgated thereunder shall be repealed or relaxed or shall be held void by final decision of a court of competent jurisdiction, but only if any investment made by virtue of such repeal, relaxation or decision would not, in the opinion of counsel of recognized competence in such matters, result in making the interest on said bonds subject to federal income taxation.

SECTION 9. That the proceeds of the bonds here by authorized shall be expended only for the purpose of effecting the purchasing program for the acquisition of necessarry equipment for the use of the City of Chicago Police Department, the details of such purchasing program, being shown on the report describing the same prepared by the Purchasing Agent of the City of Chicago which is presently on file in the office of the City Clerk of the City of Chicago.

SECTION 10. That all ordinances, resolutions and orders, or parts thereof, in conflict with the provisions of this Ordinance, be and the same are hereby repealed and this Ordinance shall be published by the City Clerk, in pamphlet form, by preparing at least 1,000 copies thereof, which copies are to be made available in his office for public inspection and distribution to members of the public who may wish to avail themselves of a copy of this Ordinance, and this Ordinance shall be in full force and effect upon its publication as herein and as by law provided.

The Municipality shall be a signatory party, in its own name, stead, right and behalf, to the Project Application made or to be made to the Federal Aviation Administration, to the Acceptance of such Grant Offer as shall be tendered by the United States, through the Federal Aviation Administration, and to any and all Amendments to such Grant Agreement as shall be executed.

8. The estimated total project costs for said project is $130,890.00. The Division hereby agrees, with the approval of the Governor, to participate in the project, for payment of such project costs as are not barred by Section 34 of the Illinois Aeronautics Act, from funds on deposit at First National Bank under account number 1107860. The amount of participation will be as follows: on project costs eligible for ninety percent (90%) F.A.A. participation, the sponsors will participate up to ten percent (10%); and on project costs eligible for no F.A.A. participation, the sponsors will participate up to one hundred percent (100%). Subject to the approval of the Governor, the State will participate equally with the City to the extent of the aforesaid percentages in all allowable and justifiable overruns, but in no event shall the Division's financial participation in the overall project exceed $13,089.00. It is further agreed that the Municipality will reimburse the Division for any payment or payments made hereunder by the Division, which shall be in excess of the percentage State financial participation hereinabove provided for. Payments to the Contractor and/or Engineer shall be made by the City of Chicago from time to time on the basis of field reports submitted by the Project Engineer and approved by the Chief Engineer, up to ninety percent (90%) of said maximum State funds committed to and released for the project. The remaining ten percent (10%) may be retained by the sponsor until after the contract has been completed and accepted and all other requirements of the contract agreed to be performed by the Contractor and/or Engineer are compiled with.

   On the basis of the Tentative Allocation issued by the Federal Aviation Administration, or on the basis of the requested increase in Federal tentative allocation as noted in the Project Application, it is expected that a Grant Offer from the United States will be tendered in the approximate amount of $117,800.00. Accordingly, it is estimated that the share of the sponsors in the estimated project costs will be approximately $13,089.00.

   However, the Municipality specifically agrees that in any event it will pay on project costs any amount by which the total of actual project costs may and shall exceed the sum of the State funds as are herein committed and the Federal funds granted to or allowed and paid on project costs, as the same may be incurred by reason of contingencies, overruns, engineering errors, or otherwise in order to complete the work called for by the project Grant Agreement with the United States and the Project Plans and Specifications, as the same may, with the express consent and approval of the Municipality, be amended, changed, modified, or supplemented—subject, however, and only, to the limitations as to revenue raising and restrictions on bonded indebtedness imposed by State statutes and constitution.

9. The Municipality agrees to comply at all times with the conditions prescribed in the second proviso of said Section 34 with respect to which the Municipality is required to satisfy the Division under the terms thereof.

10. The airport shall be used, operated, and maintained at all times by the Municipality for the use and benefit of the general public without unjust discrimination, in accordance with all applicable Federal and State laws and rules and regulations prescribed thereunder, and in accordance with the covenants and assurances of the Municipality made with and to the United States.

11. The Municipality shall file with the Division such reports concerning the matters covered by this agreement, including the use, operation and maintenance of the airport, as the Division may require from time to time.

12. Notices, reports or other communications required by or transmitted pursuant to this agreement to the Division shall be directed to attention of the Director of Aeronautics, Division of Aeronautics, State of Illinois, Capital Airport, North Walnut Street Road, Springfield, Illinois 62706.

13. To the extent that the Project Application or Grant Offer requires, this Agreement is made subject and subordinate to the provisions thereof.

14. In the event that the Federal Aviation Administration, acting for the United States, shall refuse or fail to extend a Grant Offer on this project, this agreement shall automatically be voided and become of no force and effect.

15. In the event that the Municipality is unable to or does not diligently pursue the project to the completion of a usable facility, then the Municipality shall reimburse the Division for any funds expended by virtue of this agreement.

16. This contract shall be and is deemed to be one entered into pursuant to the Illinois Aeronautics Act of the State of Illinois, and shall be construed and given effect in accordance with said Act and not otherwise.

17. No leases will be entered into by the Municipality which grants exclusive use rights to the grantee for any paved areas described in this project.

18. It is understood by the Municipality that in the event the Municipality should be determined to be in default of any of its obligations under this Agreement, the Division may refuse to fund or program any additional projects until such time as this project has been satisfactorily completed.

19. The Municipality agrees to keep complete and adequate books and records relating to the Project described in this Agreement and all books and records should be open to inspection and examination by the Division or the Federal Aviation Administration (if applicable) at all reasonable times.

In Witness Whereof, the parties hereto have caused this Agreement to be executed and their respective seals affixed as of the dates respectively hereafter set forth.

(a) Adjusted Annual Rental Rate. The annual rate of Rent shall be adjusted for each portion of a calendar year following the first two (2) years of the Term by adding to the annual rental rate then in effect an amount equal to (i) Lessee's Proportionate Share of the difference between Taxes incurred by Lessor in such calendar year and Taxes incurred by Lessor in calendar year 1977 (the "Base Year") plus (ii) Lessee's Proportionate Share of the difference between Operating Expenses incurred by Lessor in such calendar year and Operating Expenses incurred by Lessor in the Base Year. (The increase under clause (ii) for any calendar year shall in no event exceed five per cent (5%) of Lessor's Operating Expenses in the Base Year.)

For purposes hereof Lessor may estimate the amount of expenses not known at the time an adjustment is to become effective. When such expenses become known, an appropriate payment or refund shall be made.

(b) Payment of Adjusted Rent. As soon as feasible after the end of each calendar year during the Term Lessor shall deliver to Lessee a statement prepared by a certified public accountant selected by Lessor showing Lessor's Operating Expenses and Taxes during such year and the Lessee's Proportionate Share of the amount by which they respectively exceed Lessor's Operating Expenses and Taxes in the Base Year. Beginning with the month immediately following the first two (2) years of the Term Lessee shall pay to Lessor at the end of the calendar year 1979 additional rent in the amount determined under Paragraph (a) above. Within ninety (90) days after the end of such calendar year Lessor shall deliver to Lessee a report based on the exact amounts of Operating Expenses and Taxes and within ten (10) days thereafter an appropriate payment or credit shall be made to correct any underpayment or overpayment.

(c) Definition of Lessee's Proportionate Share. "Lessee's Proportionate Share" means 2.81%

(d) Definition of Operating Expenses. "Operating Expenses" means all costs, expenses, and disbursements of every kind and nature which Lessor shall pay or become obligated to pay in connection with the management, operation, maintenance and repair of the Property and of the personal property, fixtures, machinery, equipment, systems and apparatus located therein or used in connection therewith, except the following: costs of alterations of the premises of tenants of the Building, costs of capital improvements to the Building, depreciation charges, real estate brokers' leasing commissions and fees, interest and principal payments on mortgages, ground rental payments, any expenditures for which Lessor has been reimbursed (otherwise than through rent escalation or adjustment provisions in leases), expenditures incurred to provide extraordinary services to tenants or the Building, all taxes and assessments which are included as Taxes under subparagraph (e) below, and any federal, state or local franchise, capital stock, inheritance, general income, gift or estate taxes, and expenses attributable to portions of the Building rented for non-office use.

(e) Definition of Taxes. "Taxes" means general real estate taxes and all special taxes or assessments levied by any governmental entity which Lessor shall pay or become obligated to pay because of or directly or indirectly in connection with ownership, leasing, management, control or operation of the Property or of the personal property located therein plus any interest on special assessments which are payable in installments. If Lessor shall receive a refund of any Taxes paid by Lessor which were included in the calculation of any adjustment of Rent under this Lease, then Lessee shall receive an appropriate refund.

These covenants shall remain in full force and effect throughout the useful life of the facilities developed under this Project, but in any event not to exceed twenty (20) years from the date of said acceptance of an offer of Federal aid for the Project. However, these limitations on the duration of the covenants do not apply to the covenant against exclusive rights. Any breach of these covenants on the part of the Sponsor may result in the suspension or termination of, or refusal to grant Federal assistance under, FAA administered programs, or such other action which may be necessary to enforce the rights of the United States under this agreement.

18. The Sponsor will operate the Airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the Airport open to all types, kinds, and classes of aeronautical use on fair and reasonable terms without discrimination between such types, kinds, and classes. 19. The Sponsor—

a. Will not grant or permit any exclusive right forbidden by Section 308(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1349(a)) at the Airport, or at any other airport now owned or controlled by it;

b. Agrees that, in furtherance of the policy of the FAA under this covenant, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm or corporation the exclusive right at the Airport, or at any other airport now owned or controlled by it, to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity.

c. Agrees that it will terminate any existing exclusive right to engage in the sale of gasoline or oil, or both, granted before July 17, 1962, at such an airport, at the earliest renewal, cancellation, or expiration date applicable to the agreement that established the exclusive right; and

d. Agrees that it will terminate any other exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under the Airport and Airway Development Act.

20. The Sponsor agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of the covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees:

a. That in its operation and the operation of all facilities on the Airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease, or other arrangement under which a right or privilege at the Airport is granted to any person, firm, or corporation to conduct or engage in any aeronautical activity for furnishing services to the public at the Airport, the Sponsor will insert and enforce provisions requiring the contractor:

(1) to furnish said service on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; Provided, That the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which would operate to prevent any person, firm or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the Sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the Sponsor under the provisions of such subsection b.

21. Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the Sponsor to furnish any particular nonaeronautical service at the Airport.

22. The Sponsor will operate and maintain in a safe and serviceable condition the Airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the Airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with its use for airport purposes: Provided, That nothing contained herein shall be construed to require that the Airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; And Provided Further, That nothing herein shall be construed as requiring the maintenance, repair, restoration or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Sponsor. In furtherance of this covenant the Sponsor will have in effect at all times arrangements for:

a. Operating the airport's aeronautical facilities whenever required.

b. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions, and

c. Promptly notifying airmen of any condition affecting aeronautical use of the Airport.

23. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the Airport, which would constitute an obstruction to air navigation according to the criteria or standards prescribed in Section 77.23, as applied to Section 77.25, Part 77 of the Federal Aviation Regulations. In addition, the Sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the Airport, in any portion of a runway approach area in which the Sponsor has acquired, or hereafter acquires, property interests permitting it to so control the use made of the surface of the land.

24. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, take action to restrict the use of land adjacent to or in the immediate vicinity of the Airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

25. The Sponsor will keep up to date at all times an airport layout plan of the Airport showing (1) the boundaries of the Airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities; and (3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon. Such airport layout plan and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The Sponsor will not make or permit the making of any changes or alterations in the Airport or any of its facilities other than in conformity with the airport layout plan as so approved by the FAA, if such changes or alterations might adversely affect the safety, utility, or efficiency of the Airport.

26. All facilities of the Airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by government aircraft in common with other aircraft, except that if the use by government aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the Sponsor and the using agency, substantial use of an airport by government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interfere with use of the landing area by other authorized aircraft, or during any calendar month that:

a. Five (5) or more government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of government aircraft is 300 or more, or the gross accumulative weight of government aircraft using the Airport (the total movements of government aircraft multiplied by gross certified weights of such aircraft) is in excess of five million pounds.

27. Whenever so requested by the FAA, the Sponsor will furnish without cost to the Federal Government, for construction, operation, and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the Sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and/or rights so required will be set forth in the Grant Agreement relating to the Project. Such areas or any portion thereof will be made available as provided herein within 4 months after receipt of written request from the FAA.

28. The airport operator or owner will maintain a fee and rental structure for the facilities and services being provided the airport users which will make the Airport as self-sustaining as possible under the circumstances existing at the Airport, taking into account such factors as the volume of traffic and economy of collection.

29. The Sponsor will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the Sponsor elects so long as the essential data are furnished. The Airport and all airport records and documents affecting the Airport, including deeds, leases, operation and use agreements, regulations, and other instruments, will be made available for inspection and audit by the Secretary and the Comptroller General of the United States, or their duly authorized representatives, upon reasonable request. The Sponsor will furnish to the FAA or to the General Accounting Office, upon request, a true copy of any such document.

30. All project accounts and records will be kept in accordance with a standard system of accounting if so prescribed by the Secretary.

31. If at any time it is determined by the FAA that there is any outstanding right or claim of right in or to the Airport property, other than those set forth in Part II, paragraphs 7(a), 7(b), and 7(c), the existence of which creates an undue risk of interference with the operation of the Airport or the performance of the covenants of this Part, the Sponsor will acquire, extinguish, or modify such right or claim of right in a manner acceptable to the FAA.

32. The Sponsor will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and Regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If an arrangement is made for management or operation of the Airport by any agency or person other than the Sponsor or an employee of the Sponsor, the Sponsor will reserve sufficient rights and authority to insure that the Airport will be operated and maintained in accordance with the Act, the Regulations, and these covenants.

33. Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the Regulations shall have the meanings assigned to them therein.

S. pp. 2008, 2008A and 2009) as amended April 23, 1945 (C. S. pp. 3366 to 3368 inclusive), June 25, 1945 (C. S. pp. 494 to 496 inclusive), September 19, 1957 (C. S. pp. 6033 to 6035 inclusive), and July 1, 1970 (C. S. pp. 8856 to 8857 inclusive) and that Mass Transit facilities be constructed in and along Federal-Aid Interstate Route 55 (Stevenson Expressway), all being necessary to reduce vehicular congestion and facilitate the flow of traffic in the southerly and southwesterly area of the City. Exhibit No. 1, attached hereto, shows the general location and description of the said route.

Federal-Aid Interstate Route 494 will be constructed with a mass transit busway, and will be provided with the necessary or convenient sidewalks, strip parks or parkways, frontage roads, ramps, slopes, embankments, shoulders, approaches, viaducts, bridges, overpasses, underpasses, drainage structures, street lighting, and other necessary appurtenances, also that the Mass Transit facilities to be constructed in and along Federal-Aid Interstate Route 55 (Stevenson Expressway) will be constructed with the necessary connections to the existing public transit and highway network in a manner which will best serve the general public; and

Whereas, The U. S. Department of Transportation will supply approximately ninety percent (90%) of the total cost; and

Whereas, The City share and related non-federal costs will be not less than $50,000,000; and

Whereas, There are insufficient funds on hand and available to pay the City share of the cost of constructing said Federal-Aid Interstate Route 494 and the said Stevenson Mass Transit Facility, all being a part of the Comprehensive Superhighway System; and

Whereas, The construction of said Federal-Aid Interstate Route 494 and the Stevenson Mass Transit Facility above referred to and the borrowing of the sum of $50,000,000 for the purpose of paying the City share of the cost of constructing the aforementioned Federal-Aid Interstate Route 494 and the Stevenson Mass Transit Facility is necessary for the welfare of the government and affairs of the City, is for a proper public purpose and is in the public interest; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

Section 2. The bonds shall be signed by the Mayor of said City, and shall be sealed with the corporate seal thereof, be attested by the City Clerk and countersigned by the City Comptroller, and the interest becoming due and payable on said bonds shall be executed with the facsimile signatures of said Mayor and said City Clerk, which said officials, by the execution of said bonds, shall adopt as and for their own proper signatures their respective facsimile signatures appearing on each of said interest coupons.

After such registration of any said bonds, payment of the principal thereof shall be made only to the registered owner. Any bond so registered, upon the request in writing of such owner, personally or by attorney in fact, may be transferred either to a designated transferee or to bearer and the principal of any bond so transferred and registered to bearer shall thereupon be and become payable to bearer in like manner as if such bond had not been registered. Such registration of any bonds as to principal shall not, however, restrain the negotiability of the coupons thereto attached, but such coupons shall continue transferable by delivery merely.

Section 4. That the bonds, coupons and provisions for registration shall be in substantially the following form:

(Form of Bond)

United States of America
State of Illinois County of Cook
City of Chicago
Transit and Superhighway Bond
Series of 1977

Number..... $5,000

Know All Men By These Presents, That the City of Chicago, in the County of Cook and State of Illinois, hereby acknowledges itself to owe and for value received, promises to pay to bearer or, if this bond be registered as to principal, then to the registered owner hereof, the sum of $5,000 on the first day of January, 19..., together with interest thereon from the date hereof until paid at the rate of ..... percent (....%) per annum, payable on January 1, 1978, and semiannually thereafter on the first days of July and January in each year. Interest due on or prior to maturity is payable only on presentation and surrender of the interest coupons hereto attached as they severally mature.

Both principal of and interest upon this bond are payable in lawful money of the United States of America at the office of the City Treasurer, in the City of Chicago, Illinois, or at the office of the fiscal agent of the City of Chicago, in the City and State of New York, at the option of the holder.

For the prompt payment of this bond, both principal and interest, as aforesaid, as the same becomes due, and for the levy of taxes sufficient for that purpose, the full faith, credit and resources of said City of Chicago are hereby irrevocably pledged.

This bond is one of a series of bonds aggregating the principal sum of Fifty Million Dollars ($50,000,000) of like date, issued for the purpose of paying the City share and related non-federal costs of the construction of Federal-Aid Interstate 494 and the Stevenson Mass Transit Facility, all being a part of the Comprehensive Superhighway System in and for the City of Chicago and was authorized by an ordinance duly adopted by the City Council of said City subsequent to a proper public hearing having been held on the subject thereof, and which ordinance was approved by the Mayor of said City, published in all respects as by law required and now in full force and effect.

It is hereby certified and recited that all acts, conditions and things required to be done precedent to the issue of this bond and the series of bonds of which this bond is one have been properly done, happened and been performed in regular and due form and time as required by the Constitution of the State of Illinois and the duly enacted ordinances of the City Council of the City of Chicago; and that the indebtedness of said City of Chicago, represented by this bond and the issue of which it forms a part, and including all other indebtedness of said City, howsoever evidenced and incurred, does not excel any constitutional or statutory limitation and that provision has been made for the collection of a direct annual tax, in addition to all other taxes, upon all the taxable property in said City sufficient to pay the interest hereon as the same falls due and also to pay and discharge the principal hereof at maturity.

The bond is subject to registration as to principal in the name of the holder on the books of the City Comptroller of the City of Chicago, such registration to be evidenced by notation of said Comptroller on the back hereof, and after such registration no transfer hereof, except upon such books and similarly noted hereon shall be valid unless the last registration shall have been to bearer. Registration hereof shall not affect the negotiability of the interest coupons hereto attached which shall continue to be negotiable by delivery merely, notwithstanding registration hereof.

In Witness Whereof, The City of Chicago, by its City Council, has caused this bond to be signed by its Mayor, sealed with its corporate seal, attested by its City Clerk and countersigned by its Comptroller, and has caused the annexed interest coupons to be executed with the facsimile signatures of said Mayor and said City Clerk, which said officers, by the execution hereof, do adopt as and for their own proper signatures their respective facsimile signatures appearing on said coupons, all as of the first day of July, 1977.

Provision to meet the requirements of this section shall be included in the annual appropriation bill of the City of Chicago for each of the years aforesaid, and the City of Chicago hereby obligates itself annually in due time and manner to perform all things and take all action required by law to carry out the provisions of this section.

In the event proceeds of taxes hereby levied are not available in time to meet any payments of principal of and interest upon said bonds, then the fiscal officers of said City are hereby directed to make such payments from any current funds of the City that are available for that purpose in advancement of the collection of said taxes herein levied and when the proceeds of such taxes herein levied are received, such funds shall be reimbursed, all to the end that the credit of the City may be preserved by the prompt payment of the principal of and interest on the bonds herein authorized as the same become due.

Section 6. That forthwith as soon as this Ordinance becomes effective, a copy hereof certified by the Clerk of said City, which certificate shall recite that this Ordinance has been passed by the City Council of said City, approved by the Mayor, and published as provided by the ordinance of the City adopted on April 5, 1972, shall be filed with the respective County Clerks of Cook and DuPage Counties, Illinois, and said respective County Clerks shall in and for each of the years 1977 to 1990 inclusive, ascertain the rate percent required to produce the aggregate tax hereinbefore provided to be levied in each of said years, respectively, and extend the same for collection on the tax books in connection with, but in addition to and in excess of all other taxes levied in each of said years, respectively, in and by said City, and in each of said years such annual tax herein levied shall be collected by said City in like manner as taxes for all other purposes for each of said years are levied and collected, and when collected, such taxes shall be used for the purpose of paying principal and interest upon the bonds herein authorized when same mature.

Provided, however, that the taxes herein levied shall be subject to such abatement as provided in Section 7 hereof as may result from the sale of the bonds herein authorized at a lower interest rate than the rate herein authorized.

Section 7. That forthwith after this Ordinance has become effective as provided by law, the bonds herein authorized shall be sold by the City Comptroller, with the concurrence of the Chairman of the Finance Committee of the City Council, at a price of not less than par and accrued interest to date of delivery, either pursuant to advertised notice and the receipt of sealed bids and on the basis of the lowest interest cost to the City or the City Comptroller is authorized to negotiate for a sale of such bonds at a price of not less than par and accrued interest to date of delivery and on such terms as he may deem to be for the best interests of the City. Subsequent to such sale, the Comptroller shall file in the office of the City Clerk a notification of sale directed to the City Council and indicating the name of the purchaser or purchasers of such bonds, the terms of such sale and the interest rates for such bonds, and thereafter the bonds shall be duly prepared bearing such interest rates as provided in the contract of sale and in the form and manner as herein provided, shall be duly executed and shall be delivered to the City Treasurer for delivery to the purchaser or purchasers in accordance with the terms of sale.

In the event that such bonds are sold bearing an interest rate less than the maximum rate herein authorized, then the Comptroller shall include in the notification of sale above referred to, information to indicate the amount of savings in interest cost to the City resulting from such sale at a lower rate of interest, and, in addition, said Comptroller shall file in the offices of the County Clerks of Cook and DuPage Counties a certificate of tax abatement, such certificate to refer to the amount of taxes herein levied for each of the years 1977 to 1990 inclusive, for the payment of the principal of and interest on the bonds herein authorized to their maturity, indicating the amount of reduction in the interest cost to the City resulting from the sale of said bonds herein authorized at the lesser rate of interest than the maximum rate herein authorized and which amount is to be abated from the taxes herein levied for each of the years 1977 to 1990 inclusive, and further indicating the remainder of such taxes herein levied for each of the years 1977 to 1990 inclusive, which is to be extended for collection of each of said years of 1977 to 1990 inclusive, by said respective County Clerks.

Simultaneously, with the delivery of said bonds, the City Treasurer shall withdraw from such sale proceeds an amount which, together with accrued interest received, will be sufficient to pay the interest becoming due on such bonds on January 1, 1978, which amount shall be deposited in escrow with the Continental Illinois National Bank and Trust Company of Chicago under the terms of an agreement which will provide that such amount is being deposited to provide sufficient funds for prompt payment of the interest coupons representing interest becoming due on said bonds on January 1, 1978 and which said instrument shall further provide that the amount so deposited therein shall be invested in investments permitted by Chicago statutes and having such maturities that sufficient funds will be available for prompt payment of interest coupons numbered one, which become payable on January 1, 1978, including paying agency fees and fees for acting as such depositary. Paying agency fees and fees for acting as such depositary shall be deducted from the earnings of such investments and the amount remaining of such earnings shall be paid to the City Treasurer for deposit in the Transit and Superhighway Account hereinafter provided for in Section 8 hereof. The amount withdrawn from the proceeds of the sale of said bonds for establishment of the escrow agreement herein provided for shall be deposited into said Transit and Superhighway Account from the taxes herein levied for the year 1977 to pay the interest requirements of said bonds when such taxes will have been collected.

Section 8. That the proceeds received from the sale of the bonds herein authorized, subject to the withdrawal of that amount necessary to make the deposit in escrow as provided in Section 7 hereof, shall be deposited into a Transit and Superhighway Account and be used solely and only for the purpose of which the bonds were authorized and the City Council of said City hereby represents and certifies to the purchaser of the bonds herein authorized and to all subsequent holders thereof that:

(1) The City expects to incur within six months of delivery of the bonds herein authorized substantial binding obligations with respect to the improvements for which the bonds herein authorized are proposed to be issued, and in an amount not less than 2½% of the estimated total cost of the proposed improvements;

(2) Over 85% of the spendable proceeds of the bonds herein authorized, including earnings thereon, will be expended on or before July 1, 1980, for the purpose of paying the cost of making the necessary improvements as herein provided for, and such date being within three (3) years following the date of issue of the bonds herein authorized;

(3) Work on the construction of said facilities as herein provided for, is expected to proceed with due diligence to completion;

(4) The construction proposed to be made has not been and is not expected to be sold or otherwise disposed of prior to the last maturity of the bonds herein authorized;

(5) All of the principal proceeds of the bonds herein authorized are needed for the purpose of paying the City share of the cost of constructing FAI 494 and the Stevenson Mass Transit Facilities as herein provided for, including expenses incidental thereto and to the issuance of the bonds herein authorized; and

(6) To the best of the knowledge and belief of the City Council, there are no facts, estimates or circumstances that would materially change the conclusions and representations set forth in this section.

The City Council of said City further covenants and agrees with the purchaser and holders of the bonds herein authorized that so long as any of said bonds remain outstanding, the said City of Chicago and any of its officers will take no action in the investment of funds which may be to the credit of the Account hereinabove provided for in this section, which action would result in making the interest payable on any of said bonds herein authorized subject to federal income taxes by reason of said bonds being classified as "arbitrage bonds" within the meaning of Section 103(c) of the Internal Revenue Code of 1954, as amended, and any regulations promulgated or proposed thereunder, including Sections 1.103-13 and 1.103-14 of the Income Tax Regulations (26 CFR Part 1), as the same presently exist, or may from time to time hereafter be amended. The said City Council reserves the right to make any investment of such moneys permitted by state law if, when and to the extent that said Section 103(c) or regulations promulgated thereunder shall be repealed or relaxed or shall be held void by final decision of a court of competent jurisdiction, but only if any investment made by virtue of such repeal, relaxation or decision would not, in the opinion of counsel of recognized competence in such matters, result in making the interest on said bonds subject to federal income taxation.

Section 9. That the proceeds of the bonds hereby authorized shall be expended only for the purpose of effecting the construction of FAI 494 and the Stevenson Mass Transit Facilities, details of such purchasing program being shown on the report describing the same prepared by the Purchasing Agent of the City of Chicago which is presently on file in the office of the City Clerk of the City of Chicago.

[Exhibit No. 1 omitted for printing purposes]

Section 10. That all ordinances, resolutions and orders, or parts thereof, in conflict with the provisions of this Ordinance, be and the same are hereby repealed and this Ordinance shall be published by the City Clerk, in pamphlet form, by preparing at least 1,000 copies thereof, which copies are to be made available in his office for public inspection and distribution to members of the public who may wish to avail themselves of a copy of this Ordinance, and this Ordinance shall be in full force and effect upon its publication as herein and as by law provided.

People of Chicago Urged Not to Buy Krugerrand Gold Coin.

A proposed resolution (presented by Aldermen Evans, Roti, Barnett, Kenner, Lathrop, Sawyer, Wilinski, Humes, Adduci, Kelley, Rhodes, Marzullo, Ray, Washington, Cross and Oberman) reading as follows:

WHEREAS, A nationwide advertising campaign has been mounted in Chicago and in twenty-four other metropolitan areas of the United States, by an organization called the International Gold Corporation and also known as Intergold, to promote the sale of gold bullion coins minted in South Africa and called Krugerrands; and

WHEREAS, Intergold has close ties with the racist government of the so-called Republic of South Africa, which itself does not trade in coins, but which permits the use of its official mint for the manufacture of Krugerrands, and which shares in the profits from the sale of said coins; and

WHEREAS, The government of South Africa, a country whose population is made up of 15.1 million blacks and 3.8 million whites, has been condemned throughout the world for its suppressive and barbaric treatment of Blacks and its program of apartheid; which is based on racial segregation and on white domination; and

WHEREAS, South African Apartheid contravenes the basic human rights and values upheld by the American Constitution, and therefore represents a principle which Americans and the government of the United States ought to oppose, both privately and officially; and

WHEREAS, In 1976 alone, in struggling to maintain their abhorrent racial policies, South Africa authorities have killed more than 400 and have injured more than 3000 black people, many of whom were children, and many of whom were struck by bullets fired point blank into protesting crowds; and

WHEREAS, A substantial portion of the profits derived from the sale of Krugerrands will help finance the present government of South Africa, and to strengthen its repressive and cruel domination; now, therefore,

Be It Resolved, That the City Council hereby expresses its opposition to and abhorrence of the racial policies of the government of the so-called Republic of South Africa and urges the people of Chicago not to buy the coins known as Krugerrands, whose sale will help to reinforce the present government of South Africa in pursuing its repugnant and inhuman racial policies and urges further that electronic and print media based in Chicago reconsider their policy to carry advertisements for the sale of the Kruggerrand.

Congratulations Extended to North Austin Methodist Church on Occasion of 60th Anniversary.

A proposed resolution reading as follows:

WHEREAS, The North Austin Methodist Church, located at No. 1256 N. Waller Avenue, is observing their 60th Anniversary of its founding; and

WHEREAS, The Chicago Church Federation decided early in 1917 that a new church was needed in the fast growing community of North Austin. The prairies and farms of 1913 had developed into homes and apartments. Division Street and North Avenue had been cut through, paved and equipped with street cars. Business and real estate boomed. A survey was necessary to determine the denomination which would reach the maximum number of families in the neighborhood. Reverend Olin Mattison of Evanston, a retired minister of the Methodist Church, was elected to make the survey. Dr. Mattison spent several days in making a house to house canvass, and found a surprising predominance of Methodist families. His report decided the Federation in favor of a Methodist Episcopal Church; and

WHEREAS, Reverend Joseph Dibden, a young Englishman was appointed as Pastor to get the new church under way. An empty store at reasonable rental was selected at No. 5963 W. Division Street. Old theatre seats and a decrepit piano were donated. The first introduction of the new church to the neighborhood was by means of handbills, distributed from door to door; and

WHEREAS, The first meeting was held May 10, 1917, with thirty people attending; and

WHEREAS, We soon outgrew the store so a building committee was appointed and a contract let out for a church to be built at the corner of Waller and Potomac Avenues. The North Austin United Methodist Church was begun; and

WHEREAS, Through the years we have gone through many trials and tribulations such as paying off the mortgage, purchasing the parsonage at No. 1236 N. Parkside Avenue, and staying active in a neighborhood that changed from predominantly Protestant to predominantly Catholic; and

WHEREAS, Now we have reached another milestone . . . Our 60th Anniversary; and

WHEREAS, Our Church Anniversaries are a sentimental thing to us. Many members were baptized, married, reared their children and buried their loved ones in the shadow of this stately building. We look back with gladness and sadness but we are still proud to say we are a working, viable Church in the community and hope to carry on for many more years here at the corner of Waller and Potomac Avenues; now, therefore,

Be It Resolved, That the Mayor of the City of Chicago and the Members of the City Council do hereby commemorate the sixty years of spiritual strength which has emanated from the North Austin Methodist Church located at No. 1256 N. Waller Avenue; and, further, extend their appreciation to the Pastor and members of the Church for their contribution to the growth and development of the City of Chicago, for their faithful services to God and their community and their fellowman; and

Be It Further Resolved, That a suitable copy of this resolution be presented to the North Austin Methodist Church.

Such registration of any bonds as to principal shall not, however, restrain the negotiability of the coupons thereto attached, but such coupons shall continue transferable by delivery merely.

SECTION 4. That the bonds, coupons and provisions for registration shall be in substantially the following form:

(Form of Bond)

United States of America
State of Illinois County of Cook
City of Chicago
Transit and Superhighway Bond
Series of 1977

Number..... $5,000

Know All Men By These Presents, That the City of Chicago, in the County of Cook and State of Illinois, hereby acknowledges itself to owe and for value received, promises to pay to bearer or, if this bond be registered as to principal, then to the registered owner hereof, the sum of $5,000 on the first day of January, 19..., together with interest thereon from the date hereof until paid at the rate of ..... percent (....%) per annum, payable on January 1, 1978, and semiannually thereafter on the first days of July and January in each year. Interest due on or prior to maturity is payable only on presentation and surrender of the interest coupons hereto attached as they severally mature.

Both principal of and interest upon this bond are payable in lawful money of the United States of America at the office of the City Treasurer, in the City of Chicago, Illinois, or at the office of the fiscal agent of the City of Chicago, in the City and State of New York, at the option of the holder.

For the prompt payment of this bond, both principal and interest, as aforesaid, as the same becomes due, and for the levy of taxes sufficient for that purpose, the full faith, credit and resources of said City of Chicago are hereby irrevocably pledged.

This bond is one of a series of bonds aggregating the principal sum of Fifty Million Dollars ($50,000,000) of like date, issued for the purpose of paying the City share and related non-federal costs of the construction of Federal-Aid Interstate 494 and the Stevenson Mass Transit Facility, all being a part of the Comprehensive Superhighway System in and for the City of Chicago and was authorized by an ordinance duly adopted by the City Council of said City subsequent to a proper public hearing having been held on the subject thereof, and which ordinance was approved by the Mayor of said City, published in all respects as by law required and now in full force and effect.

It is hereby certified and recited that all acts, conditions and things required to be done precedent to the issue of this bond and the series of bonds of which this bond is one have been properly done, happened and been performed in regular and due form and time as required by the Constitution of the State of Illinois and the duly enacted ordinances of the City Council of the City of Chicago; and that the indebtedness of said City of Chicago, represented by this bond and the issue of which it forms a part, and including all other indebtedness of said City, howsoever evidenced and incurred, does not excel any constitutional or statutory limitation and that provision has been made for the collection of a direct annual tax, in addition to all other taxes, upon all the taxable property in said City sufficient to pay the interest hereon as the same falls due and also to pay and discharge the principal hereof at maturity.

The bond is subject to registration as to principal in the name of the holder on the books of the City Comptroller of the City of Chicago, such registration to be evidenced by notation of said Comptroller on the back hereof, and after such registration no transfer hereof, except upon such books and similarly noted hereon shall be valid unless the last registration shall have been to bearer. Registration hereof shall not affect the negotiability of the interest coupons hereto attached which shall continue to be negotiable by delivery merely, notwithstanding registration hereof.

The said City Council reserves the right to make any investment of such moneys permitted by state law if, when and to the extent that said Section 103(c) or regulations promulgated thereunder shall be repealed or relaxed or shall be held void by final decision of a court of competent jurisdiction, but only if any investment made by virtue of such repeal, relaxation or decision would not, in the opinion of counsel of recognized competence in such matters, result in making the interest on said bonds subject to federal income taxation.

SECTION 9. That the proceeds of the bonds hereby authorized shall be expended only for the purpose of effecting the construction of FAI 494 and the Stevenson Mass Transit Facilities, details of such purchasing program being shown on the report describing the same prepared by the Purchasing Agent of the City of Chicago which is presently on file in the office of the City Clerk of the City of Chicago.

5. It will provide and maintain competent and adequate architectural engineering supervision and inspection at the construction site to insure that the completed work conforms with the approved plans and specifications; that it will furnish progress reports and such other information as the Federal grantor agency may require.

6. It will operate and maintain the facility in accordance with the minimum standards as may be required or prescribed by the applicable Federal, State and local agencies for the maintenance and operation of such facilities.

The applicant will be responsible for conducting inspections to insure compliance with these specifications by the contractor.

9. It will cause work on the project to be commenced within a reasonable time after receipt of notification from the approving Federal agency that funds have been approved and that the project will be prosecuted to completion with reasonable diligence.

10. It will not dispose of or encumber its title or other interests in the site and facilities during the period of Federal interest or while the Government holds bonds, whichever is the longer.

16. It will comply with the minimum wage and maximum hours provisions of the Federal Fair Labor Standards Act, as they apply to hospital and educational institution employees of State and local governments.

SPONSOR ASSURANCES

17. These covenants shall become effective upon acceptance by the Sponsor of an offer of Federal aid for the Project or any portion thereof, made by the FAA and shall constitute a part of the Grant Agreement thus formed. These covenants shall remain in full force and effect throughout the useful life of the facilities developed under this Project, but in any event not to exceed twenty (20) years from the date of said acceptance of an offer of Federal aid for the Project. However, these limitations on the duration of the covenants do not apply to the covenant against exclusive rights. Any breach of these covenants on the part of the Sponsor may result in the suspension or termination of, or refusal to grant Federal assistance under, FAA administered programs, or such other action which may be necessary to enforce the rights of the United States under this agreement.

18. The Sponsor will operate the Airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the Airport open to all types, kinds, and classes of aeronautical use on fair and reasonable terms without discrimination between such types, kinds, and classes. Provided; That the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; And Provided Further, That the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the Airport if such action is necessary for the safe operation of the Airport or necessary to serve the civil aviation needs of the public.

19. The Sponsor—

a. Will not grant or permit any exclusive right forbidden by Section 308(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1349(a)) at the Airport, or at any other airport now owned or controlled by it;

b. Agrees that, in furtherance of the policy of the FAA under this covenant, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm or corporation the exclusive right at the Airport, or at any other airport now owned or controlled by it, to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity.

c. Agrees that it will terminate any existing exclusive right to engage in the sale of gasoline or oil, or both, granted before July 17, 1962, at such an airport, at the earliest renewal, cancellation, or expiration date applicable to the agreement that established the exclusive right; and

d. Agrees that it will terminate any other exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under the Airport and Airway Development Act.

20. The Sponsor agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of the covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees:

a. That in its operation and the operation of all facilities on the Airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease, or other arrangement under which a right or privilege at the Airport is granted to any person, firm, or corporation to conduct or engage in any aeronautical activity for furnishing services to the public at the Airport, the Sponsor will insert and enforce provisions requiring the contractor:

(1) to furnish said service on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; Provided, That the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which would operate to prevent any person, firm or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the Sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the Sponsor under the provisions of such subsection b.

21. Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the Sponsor to furnish any particular nonaeronautical service at the Airport.

22. The Sponsor will operate and maintain in a safe and serviceable condition the Airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the Airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with its use for airport purposes: Provided, That nothing contained herein shall be construed to require that the Airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; And Provided Further, That nothing herein shall be construed as requiring the maintenance, repair, restoration or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Sponsor. In furtherance of this covenant the Sponsor will have in effect at all times arrangements for:

a. Operating the airport's aeronautical facilities whenever required.

b. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions, and

c. Promptly notifying airmen of any condition affecting aeronautical use of the Airport.

23. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the Airport, which would constitute an obstruction to air navigation according to the criteria or standards prescribed in Section 77.23, as applied to Section 77.25, Part 77 of the Federal Aviation Regulations. In addition, the Sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the Airport, in any portion of a runway approach area in which the Sponsor has acquired, or hereafter acquires, property interests permitting it to so control the use made of the surface of the land.

24. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, take action to restrict the use of land adjacent to or in the immediate vicinity of the Airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

25. The Sponsor will keep up to date at all times an airport layout plan of the Airport showing (1) the boundaries of the Airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities; and (3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon. Such airport layout plan and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The Sponsor will not make or permit the making of any changes or alterations in the Airport or any of its facilities other than in conformity with the airport layout plan as so approved by the FAA, if such changes or alterations might adversely affect the safety, utility, or efficiency of the Airport.

26. All facilities of the Airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by government aircraft in common with other aircraft, except that if the use by government aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the Sponsor and the using agency, substantial use of an airport by government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interfere with use of the landing area by other authorized aircraft, or during any calendar month that:

a. Five (5) or more government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of government aircraft is 300 or more, or the gross accumulative weight of government aircraft using the Airport (the total movements of government aircraft multiplied by gross certified weights of such aircraft) is in excess of five million pounds.

27. Whenever so requested by the FAA, the Sponsor will furnish without cost to the Federal Government, for construction, operation, and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the Sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and/or rights so required will be set forth in the Grant Agreement relating to the Project. Such areas or any portion thereof will be made available as provided herein within 4 months after receipt of written request from the FAA.

28. The airport operator or owner will maintain a fee and rental structure for the facilities and services being provided the airport users which will make the Airport as self-sustaining as possible under the circumstances existing at the Airport, taking into account such factors as the volume of traffic and economy of collection.

29. The Sponsor will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the Sponsor elects so long as the essential data are furnished. The Airport and all airport records and documents affecting the Airport, including deeds, leases, operation and use agreements, regulations, and other instruments, will be made available for inspection and audit by the Secretary and the Comptroller General of the United States, or their duly authorized representatives, upon reasonable request. The Sponsor will furnish to the FAA or to the General Accounting Office, upon request, a true copy of any such document.

30. All project accounts and records will be kept in accordance with a standard system of accounting if so prescribed by the Secretary.

31. If at any time it is determined by the FAA that there is any outstanding right or claim of right in or to the Airport property, other than those set forth in Part II, paragraphs 7(a), 7(b), and 7(c), the existence of which creates an undue risk of interference with the operation of the Airport or the performance of the covenants of this Part, the Sponsor will acquire, extinguish, or modify such right or claim of right in a manner acceptable to the FAA.

32. The Sponsor will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and Regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If an arrangement is made for management or operation of the Airport by any agency or person other than the Sponsor or an employee of the Sponsor, the Sponsor will reserve sufficient rights and authority to insure that the Airport will be operated and maintained in accordance with the Act, the Regulations, and these covenants.

33. Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the Regulations shall have the meanings assigned to them therein.

Quinn, the Bishop of the A.M.E. diocese in 1847; and

Hutchinson Street District.

WHEREAS, Pursuant to Chapter 21, Section 21-64 of the Municipal Code of Chicago, the Commission on Chicago Historical and Architectural Landmarks has determined that the area known as the Hutchinson Street District, as described in the Appendix hereto, is worthy of designation as a "Chicago Landmark"; and

[Appendix omitted for printing purposes]

WHEREAS, On the basis of a careful consideration of the history and architecture of the district, the Commission has found that it meets the following criteria as set forth in Chapter 21, Section 21-64(b) of the Municipal Code of Chicago:

1) Its character, interest, or value as part of the development, heritage or cultural characteristics of the City of Chicago, State of Illinois, or the United States.

3) Its identification with a person or persons who significantly contributed to the cultural and development of the City of Chicago.

5) Its portrayal of the environment of a group of people in an era of history characterized by a distinctive architectural style.

6) Its embodiment of distinguishing characteristics of an architectural type or specimen.

7) Its identification as the work of an architect or master builder whose indivdual work has influenced the development of the City of Chicago.

10) Its unique location or singular physical characteristic representing an established and familiar visual feature of a neighborhood, community, or the City of Chicago; and

WHEREAS, The Hutchinson Street District provides a unique perspective on the development of modern residential architecture in Chicago, contains examples of both Prairie School architecture and various historical revival styles and demonstrates not only the changes that were taking place in American residential architecture at the turn of the century but also the way those changes were reflected in the work of a particular architect, George Maher; and

WHEREAS, The Hutchinson Street District is located in the Lake View community, an area which began as a separate town in the mid-nineteenth century and was annexed to Chicago in 1889, the town of Lake View taking its name from a large fashionable resort hotel called Lake View House which stood on the shore of Lake Michigan near what is now Irving Park Road; and

WHEREAS, The Hutchinson Street District reflects an era which is synonomous with a Chicago which has mostly disappeared elsewhere, an era of single-family residences placed on quiet, tree-lined streets with attention to the details of family life; and

WHEREAS, The Hutchinson Street District contains excellent examples of historical revival styles that had prevailed during the nineteenth century, such as the Queen Anne style; the Richardsonian Romanesque style which derived from the work of Henry Hobson Richardson, employing features of the massive round-arched Romanesque style of the early medieval period; the formal Classical revival style, with columns, pedimented porticos, and dentiled moldings; and the Renaissance revival style which is also based on classical precedents; and

WHEREAS, Many of the homes in the Hutchinson Street District were designed by George Washington Maher, who is most frequently classified as a Prairie School architect, and who began his career by designing in revival styles, later developed a

unique style based on Prairie School elements and other influences, and eventually returned to revival-inspired design. An example is the Claude Seymour House at 817 Hutchinson Street, constructed in 1913, in which the geometric pattern in the leaded glass windows is repeated in many of the decorative elements in the home to lend a measure of unity; Maher called this repeated use of a single decorative pattern his "motif-rhythm theory" and it is one of the most personal aspects of his work. All of Maher's styles are represented in the Hutchinson Street District; and

WHEREAS, The Commission on Chicago Historical and Architectural Landmarks has concluded that the Hutchinson Street District is truly important to Chicago, and deserves to be preserved, protected, enhanced, rehabilitated and perpetuated; and the Commissioner of Development and Planning of the City of Chicago and the City Council Committee on Cultural and Economic Development have concurred in the Commission's recommendation that the Hutchinson Street District be designated as a Chicago Landmark; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Hutchinson Street District, as described in the Appendix hereto, which Appendix is incorporated by reference as if full set forth herein, is hereby designated a "Chicago Landmark" in accordane with the provisions of Chapter 21, Section 21-64(f) of the Municipal Code of Chicago.

SECTION 2. Notwithstanding Chapter 21, Section 21-64.1(a) of the Municipal Code of Chicago, no application for building permits for alteration, construction, reconstruction, demolition of or making additions to structures located within the Hutchinson Street District need be approved by the Commission on Chicago Historical and Architectural Landmarks except those permits for such work within, or which will affect the appearance of, the exterior of any such structure.

SECTION 3. The Commission on Chicago Historical and Architectural Landmarks is hereby directed to create a suitable plaque appropriately identifying said landmark and to affix said plaque to the property designated as a Chicago Landmark in accordance with the provisions of Section 21-64(f) of the Municipal Code of Chicago.

SECTION 4. The Commission on Chicago Historical and Architectural Landmarks is directed to comply with the provisions of Section 21-64(g) of the Municipal Code of Chicago.

SECTION 5. This ordinance shall take effect on and after the date of its passage.

Mid-North District.

WHEREAS, Pursuant to Chapter 21, Section 21-64 of the Municipal Code of Chicago, the Commission on Chicago Historical and Architectural Landmarks has determined that the area known as the Mid-North District, as described in the Appendix hereto, is worthy of designation as a "Chicago Landmark"; and

[Appendix omitted for printing purposes]

WHEREAS, On the basis of a careful consideration of the history and architecture of the area, the Commission has found that it meets the following criteria as set forth in Chapter 21, Section 21-64 (b) of the Municipal Code of Chicago:

1) Its character, interest or value as part of the development, heritage or cultural characteristics of the City of Chicago, State of Illinois, or the United States.

2) Its location as a site of a significant historic event.

4) Its exemplification of the cultural, economic, social or historic heritage of the City of Chicago.

5) Its portrayal of the environment of a group of people in an era of history characterized by a distinctive architectural style.

6) Its embodiment of distinguishing characteristics of an architectural type or specimen.

7) Its identification as the work of an architect or master builder whose individual work has influenced the development of the City of Chicago.

8) Its embodiment of elements of architectural design, detail, materials, or crafsmanship which represent a significant architectural innovation.

9) Its relationship to other distinctive areas which are eligible for preservation according to a plan based on an historic, cultural, or architectural motif.

10) Its unique location or singular physical characteristics representing an established and familiar visual feature of a neighborhood, community or the City of Chicago; and

WHEREAS, The Mid-North District vividly portrays the character of the typical Chicago residential neighborhood at the end of the nineteenth century and contains excellent examples of the various building types and architectural styles that predominated during the period when Chicago was rebuilding itself after the Great Fire of 1871; and

WHEREAS, The cultural heritage of the Mid-North District is not solely in single buildings of architectural merit, but it is found in the body of housing distributed over several blocks with a variety of architectural types which reflect the energy and good taste of families a hundred years ago, who chose to live close to and enjoy the lakefront and parks, walk to work or perhaps take public transportation, tend their gardens, chat with neighbors on a warm summer evening, all of which still make the area outstanding today; and

WHEREAS, The Mid-North District contains many excellent examples of three architectural styles which were prevalent throughout the United States at the end of the nineteenth century: the Italianate, the Queen Anne, and the Romanesque Revival, and, in addition, the district also chronicles popular building types from the "Chicago Cottage," to the row houses of the late nineteenth century, to contemporary town houses, providing a rare and splendid collection of fine city houses, representing the major types characteristic of middle-class housing in old Chicago, preserved in historical context with few intrusions, beautifully restored and lovingly maintained; and

WHEREAS, The 1883 Ann Halsted House at 440 Belden Avenue in the Mid-North District is one of the earliest designs of Louis Sullivan, a major Chicago architect who pioneered a modern architectural style during the last decades of the nineteenth century; the Richard Bellinger Cottage at 2121 Hudson Avenue, which survived the Chicago Fire of 1871, was designated by a prominent early Chicago architect, W. W. Boyington, the architect of the Old Chicago Water Tower; and a series of town houses in the Mid-North District were designed by Joseph Lyman Silsbee, a late nineteenth century Chicago architect who was one of the first employers of Frank Lloyd Wright; and

WHEREAS, The Mid-North District contains many examples of balloon-frame construction, one of the most significant architectural innovations of the early nineteenth century, which was developed by a Chicagoan, Augustine D. Taylor, who substituted light-weight wooden studs, joists, rafters and purlins for the heavier structural members of the

earlier New England frame. Balloon frame buildings could be erected quickly and easily, so that this type of wooden construction eventually did much to enable the settlement of America's West; and

WHEREAS, The Commission on Chicago Historical and Architectural Landmarks has concluded that the Mid-North District is truly important to Chicago, and deserves to be preserved, protected, enhanced, rehabilitated and perpetuated, and the Commissioner of Development and Planning of the City of Chicago and the City Council Committee on Cultural and Economic Development have concurred in the Commission's recommendation that the Mid-North District be designated as a Chicago Landmark; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Mid-North District, as described in the Appendix hereto, which Appendix is incorporated by reference as is fully set forth herein, is hereby designated a "Chicago Landmark" in accordance with the provisions of Chapter 21, Section 21-64(f) of the Municipal Code of Chicago.

SECTION 4. The Commission on Chicago Historical and Architectural Landmarks is directed to comply with the provisions of Section 21-64(g) of the Municipal Code of Chicago.

SECTION 5. This ordinance shall take effect on and after the date of its passage.

Action Deferred—ON PROPOSED ORDINANCE DESIGNATING OLD TOWN TRIANGLE DISTRICT AS "CHICAGO LANDMARK".

The Committee on Cultural and Economic Development submitted the following report, which was, at the request of two aldermen present (Alderman Gutstein and Alderman Natarus) *Deferred* and ordered published:

CHICAGO, August 16, 1977.

To the President and Members of the City Council:

Your Committee on Cultural and Economic Development, having had under consideration a communication signed by Mr. Samuel A. Lichtmann, Chairman of the Chicago Commission on Historical and Architectural Landmarks (referred to your Committee on November 15, 1976) to designate the Old Town Triangle District as a Chicago Landmark, begs leave to recommend that your Honorable Body pass the proposed ordinance, which is transmitted herewith.

This recommendation was concurred in by all members of the Committee, with no dissenting vote.

Respectfully submitted,
(Signed) EDWIN P. FIFIELSKI,
Chairman.

The proposed ordinance transmitted with the foregoing committee report reads as follows:

Whereas, Pursuant to Chapter 21, Section 2-64 of the Municipal Code of Chicago, the Commission on Chicago Historical and Architectural Landmarks has determined that the area known as the Old Town Triangle District, as described in the Appendix hereto, is worthy of designation as a "Chicago Landmark"; and

[Appendix omitted for printing purposes]

Whereas, On the basis of a careful consideration of the history and architecture of the district, the Commission has found that it meets the following criteria as set forth in Chapter 21, Section 21-64(b) of the Municipal Code of Chicago:

1. Its character, interest, or value as part of the development, heritage or cultural characteristics of the City of Chicago, State of Illinois, or the United States.

3. Its identification with a person or persons who significantly contributed to the culture and development of the City of Chicago.

4. Its exemplification of the cultural, economic, social or historic heritage of the City of Chicago.

5. Its portrayal of the environment of a group of people in an era of history characterized by a distinctive architectural style.

6. Its embodiment of distinguishing characteristics of an architectural type or specimen.

8. Its embodiment of elements of architectural design, detail, materials or craftsmanship which represent a signficant architectural innovation.

10. Its unique location or singular physical characteristic representing an established and familiar visual feature of a neighborhood, community or the City of Chicago.

Whereas, The Old Town Triangle District contains many fine examples of the architectural styles that were important in Chicago after the fire of 1871, most of the homes in the area having been restored in the last 25 years, providing an excellent example of the desirability of life in the older residential neighborhoods close to the center of the city; and

Whereas, Persons important to Chicago and American history have lived in the district, such as, William B. Ogden, the first mayor of Chicago; Stephen F. Gale, the first Fire Chief; Charles J. Hull, whose home became Hull House; Eugene Field, the poet; Philip Henrici, the Restaurateur; Haddon Sundblom, who created the man on the Quaker Oats box, Aunt Jemima, and Santa Claus for the Coca Cola Company; Johnny Weissmuller; Ben Turpin; Francis X. Bushman; and Charlie Chaplin; and

Whereas, The German cultural heritage of the Old Town Triangle District bound together the original settlers and later inhabitants around St. Michael's Catholic Church and St. James German Evangelical Church; and the cultural traditions continue today in the Germania Club and the Menomonee Club; and the district today provides a home for many Chicago artists and an important art fair; and

Whereas, Many of the homes in the district are typical of the urban housing that characterized American cities in the late nineteenth century: flat- or bay-fronted, tall and narrow in proportion, and usually two or three stories tall. The architectural character of the residences in Old Town has changed little since that time, and new construction in the area has not detracted from the neigh-

borhood. The Old Town Triangle District is an outstanding example closest to the center of the City of the original concept of a residential neighborhood in an urban society; and

Whereas, The Old Town Triangle District contains many excellent examples of the architectural styles that were popular in Chicago during the latter part of the nineteenth century, such as the Italianate and Greek Revival ornamental styles the Queen Anne style, which is characterized by contrasting building materials, a variety of textures, and an assortment of oriel windows, dormers, terra-cotta ornament, and porches with intricately-turned supports and the Chicago Cottages, a particular building style developed during Chicago's rapid period of development before the fire of 1871 employing a method of construction known as balloon framing, which used lightweight wooden studs, joists, and rafters. Many of these houses exhibit the ornamental plaster work of John A. Boland, who was known for his outstanding work at the World's Columbian Exposition, and reminiscent of interiors in Ireland by the Italian struccadores under architect Richard Castle; and

Whereas, The Old Town Triangle District was one of the first neighborhoods in Chicago to be revitalized and restored after the Second World War, becoming one of the most valued areas in the city, and remains today an historic neighborhood with many of the traditions important to the city; and

Whereas, The Commission on Chicago Historical and Architectural Landmarks has concluded that the Old Town Triangle District is truly important to Chicago, and deserves to be preserved, protected, enhanced, rehabilitated and perpetuated; and the Commissioner of Development and Planning of the City of Chicago and the City Council Committee on Cultural and Economic Development have concurred in the Commission's recommendation that the Old Town Triangle District be designated as a Chicago Landmark; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

Section 1. The Old Town Triangle District, as described in the Appendix hereto, which Appendix is incorporated by reference as if fully set forth herein, is hereby designated a "Chicago Landmark" in accordance with the provisions of Chapter 21, Section 21-64(f) of the Municipal Code of Chicago.

Section 2. Notwithstanding Chapter 21, Section 21-64.1(a) of the Municipal Code of Chicago no application for building permits for alteration, construction, reconstruction, demolition of or making additions to structures located within the Old Town Triangle District need be approved by the Commission on Chicago Historical and Architectural Landmarks except those permits for such work within, or which will affect the appearance of, the exterior of any such structure.

Section 3. The Commission on Chicago Historical and Architectural Landmarks is hereby directed to create a suitable plaque appropriately identifying said landmark and to affix said plaque to the property designated as a Chicago Landmark in acordance with the provisions of Section 21-64(f) of the Municipal Code of Chicago.

Section 4. The Commission on Chicago Historical and Architectural Landmarks is directed to comply with the provisions of Section 21-64(g) of the Municipal Code of Chicago.

Section 5. This ordinance shall take effect on and after the date of its passage.
